

Concert Parking: There is very limited street parking in the area around St Thomas's church. Also the church car park will not be available for audience members, except for disabled spaces. We do however, offer the following suggestions for safe parking when attending the concert:

Garden Lane Car Park has 120 spaces and will cost £1.50 to park after 6 pm or £4.50 all day. From there it is a 7 minute walk to the church. (walk under the flyover, turn right up Chichester St. then left at the top) The car park's postcode is CH1 4EN

There will be parking for about 50 cars at **Chester Blue Coat CE Primary School**, including two disabled parking spaces. Access is via the main entrance on Walpole St. Postcode CH1 4HG. Once parked, walk back to Walpole St, turn left and left again to the church. It is not possible to cut through to Cheyney Road. If you park at Bluecoat school we suggest a small contribution (you can pay cash or card at the church) which will be donated to the school

More extensive parking is available for the evening on the **University of Chester campus** which sits opposite the church on Cheyney Road. To park here enter via the main Exton Park campus entrance which is the first turning left going down Parkgate Road after Cheyney Road. Once on campus follow the one way system round the side of the University Library to the sports pitch around which there will be a number of parking options. Depending on where you park, it will be a short 5-10 minute walk through the campus to Cheyney Road and the church. The postcode for the campus is CH1 4BJ

Disabled Access: Note that the main entrance to St Thomas's Church on Cheyney Road has steps up from the street and steps up into the church. For disabled access you will need to enter via the Parkgate Road entrance that the church shares with the University's John Douglas Building. From here proceed right and follow the church round until you find the disabled access door on the left before the main church entrance.
